

TRANSPORT OFF TO VLADIVOSTOK

San Francisco, Calif., March 18.—Following repairs necessitated by a fire in her bunkers and tanks which developed on the high seas, the United States army transport Mount Vernon cleared from here for Vladivostok at 11:30 a. m. today.

The troop ship is expected to reach Vladivostok on or about April 1. The army transport service announced.

It is expected by service executives here that the Mount Vernon will return here with her detachment of Czech-Slovak troops, which she will take out of Siberia for transport home, and then will cover for Trieste by way of the Panama canal.

In a former effort to reach Vladivostok from here the Mount Vernon was halted by fire and leaks and was compelled to return to this port.

CUTICURA HEALS SKIN TROUBLE

Itchy Stinging Sensation Over Body, Also Blisters, Skin Red, Lost Sleep.

Allies Forced To Occupation Of Turk Capital

Washington, D. C., March 18.—Allied military occupation of Constantinople was forced on the allies by the growing power of Mustafa Kemal over the sultan's government, the only element of authority in Turkey favorable to acceptance of allied peace terms, according to officials. The maneuver was not regarded, however, as an attempt at permanent settlement, but rather as a line with the plan of Turkish adjustment drawn up in London by the ambassadors conference.

Under that plan, it was pointed out, the sultan was to be retained in Constantinople, but no military occupation was contemplated. Since the pro-German Turkish nationalist party has asserted such influence as to make Mustafa Kemal dictator to the Constantinople chamber, however, and even able to break or make cabinets at will, it was said military occupation for the announced purposes of strengthening the sultan's power was to be expected.

Defeat Plan To Fix U. S. Policy On Europe Wars

Washington, D. C., March 18.—The Republican irreconcilables, combining with the Democrats, overturned on the senate floor yesterday the plan of Republican leaders to attach to the peace treaty a general declaration of American policy toward future European wars.

The declaratory reservation, which would pledge the United States to regard with "grave concern" any threat to Europe's peace or freedom, was voted down 52 to 29. The irreconcilables had tried in vain to amend it, intended as an effort to the reservation denying the obligations of article 10, the proposal had been ordered by the Republican leaders to a vote on the roll call only two senators on the Democratic side supported it.

Disapproval of the reservation was regarded as clearing up the last doubtful issue of the treaty fight and the leaders made plans to bring a vote on ratification by Friday. By unanimous consent it was agreed to limit speeches on all other pending resolutions to 15 minutes. About a dozen resolutions remained to be voted on, but it generally is conceded that none of them will be adopted.

How Senators Voted

Two Democrats, Fletcher and Smith, abstained from voting on the declaratory reservation, offered by senator La Follette, Republican, Wisconsin, and rejected by a vote of 52 to 29. They were: Borah, Brandegee, Fernald, France, Gurnea, Kallahan, La Follette and Norris.

BLISS PRIVATE KILLS HIMSELF

A board of officers which investigated the death of Pvt. Frank Anderson, battery C, 2nd field artillery, at Fort Bliss, decided that death was caused from a bullet wound inflicted by himself.

No reason could be found for the soldier's act, according to the regimental adjutant. He stated that he had been in good health, perfectly rational and had not been dependent on any drug or medicine.

ALLEGED DRAFT DODGERS TAKEN TO MEXICO CITY

Agua Prieta, Sonora, Mexico, March 18.—According to official advice from Hermosillo this morning, the two alleged American draft dodgers, Edward Filmore and Herman Salway, giving their address as New York City, who were last week taken into custody by secret agents of the Mexican government, and charged with conspiracy in furnishing arms and ammunition to warring tribes of Yaqui Indians, have been ordered removed to Mexico City, where they will face trial in the federal courts.

The prisoners, since their arrest, on the tenth of this month, have been confined in jail at Hermosillo. The Americans were apprehended in the southern part of Sonora near the state line of Chihuahua with two automobile loads of ammunition, which, according to the prisoners, had been turned over to them on the west coast for delivery at a certain spot on the Sonora-Chihuahua state line, where it was to have been turned over to agents, who, it is claimed by the prisoners, are representatives of leaders of the revolution to be launched under the leadership of Francisco Villa and Felix Diaz.

OFFICER'S KINDNESS REWARDED BY ENLISTMENTS

Bread cast on the waters by Capt. Charles H. Palmer, commanding the second heavy machine ordinance repair shop at Fort Bliss, came floating back Thursday.

Capt. Palmer dug down into his pockets recently to find and "show" an applicant for admission to his outfit, who has a glass eye and who is now waiting for the word from the department whether the glass eye is going to keep him out of the army.

The captain's determination to help this boy into the army got into the newspapers. Today three other lads, two of them brothers, dropped into the 2d Pao recruiting office and asked to join the Palmer outfit. "We saw that story in the paper" they said. "That's the kind of a man we'd like to work for." They were accepted. They were Pablo and Antonio Chavez, and Telesforo Candelaria, of Cerrojo, N. M.

Others accepted today were: Thomas D. Irish, El Paso, pack train No. 2, Valenzuela, and Tony Sandoval, Baton, N. M., coast artillery corps, Philippine Islands.
